EXECUTIVE ORDER

CIVILIAN CONSERVATION CORPS

By virtue of and pursuant to the authority vested in me under the act entitled "An Act to establish a Civilian Conservation Corps, and for other purposes" approved June 28, 1937 (Public No. 163, 75th Congress), it is hereby ordered as follows:

1. Such reserve officers of the Army as shall be selected by the Secretary of War, such reserve officers of the Navy and Marine Corps as shall be selected by the Secretary of the Navy, and such warrant officers of the Coast Guard as shall be selected by the Secretary of the Treasury, the respective numbers thereof to be determined by the Director of the Civilian Conservation Corps, are hereby called to active duty, subject to the provisions of section 37a of the National Defense Act (39 Stat. 189) and the Act of February 28, 1925 (43 Stat. 1080), so far as applicable, and attached to the War Department for service with the Civilian Conservation Corps, and are ordered to report to the Secretary of War for such duty upon the receipt of written orders from the Secretary of War: *Provided*, that officers of the classes named above who were so employed on June 30, 1937, may be continued on active duty.

2. The Director of the Civilian Conservation Corps is authorized, subject to the limitations and restrictions contained in Section 3 of the said Act of June 28, 1937, to undertake projects on lands belonging to or under the jurisdiction or control of counties and municipalities, and on lands in private ownership.

3. The Secretary of War, the Secretary of Agriculture, the Secretary of the Interior and the Secretary of Labor are requested to cooperate with the Director of the Civilian Conservation Corps in carrying out the purposes of the said Act of June 28, 1937. Each of the said Secretaries shall appoint a representative who shall, upon request of the Director, confer with him and under his direction aid him in prosecuting effectively the purposes contemplated by the said Act.

4. This order shall be effective as of July 1, 1937.

JULY 22, 1937.

MY DEAR MR. SECRETARY:

By authority of subdivision (f) of section 337 of the Tariff Act of 1930, you were, on November 9, 1936,¹ requested

¹ 1 F. R. 1979.

to forbid entry into the United States, except under bond, provided for in said section 337 (f), of cigar lighters patented in United States Letters Patent Nos. 1986384, 2002845, and Des. 96639, pending completion of an investigation by the United States Tariff Commission. This order was predicated on the recommendation of the Tariff Commission following a preliminary inquiry by that Commission. On February 20, 1937,² following a hearing³ and recommendation by the Commission, the order was modified so as not to apply to the design patent.

The Tariff Commission, after an adequate investigation, has reported to me that the existence of unfair methods of competition or unfair acts in the importation or sale of the articles concerned within the meaning of section 337 has not been established. The Commission has also recommended that the temporary exclusion order above referred to be rescinded.

The existence of any such unfair method or act has not been established to my satisfaction. I accordingly request that the temporary order of exclusion, except under bond, promulgated by you on November 16, 1936 (T. D. 48628), as modified by the order promulgated on March 3, 1937 (T. D. 48845) be terminated.

Very sincerely yours,

[SEAL]

[Order No. 29]

AN ORDER REQUIRING REPORTS FROM PRODUCERS OF COST AND REALIZATION DATA FOR THE PERIOD BEGINNING JANUARY 1, 1937, PURSUANT TO SECTION (A) OF THE BITUMINOUS COAL ACT OF 1937

Pursuant to act of Congress entitled "An Act to regulate interstate commerce in bituminous coal, and for other pur-

poses" (Public, No. 48, 75th Cong., 1st sess.), known as the Bituminous Coal Act of 1937, the National Bituminous Coal Commission, in order to perform effectively its duties under said Act, is required to be fully informed as to the production and distribution of bituminous coal throughout the United States. Therefore, pursuant to authority conferred by Section 10 of said Act, the Commission orders and directs as follows:

1. That each producer of bituminous coal, whether or not a code member and whether or not engaged in commerce in coal which is subject to the provisions of Section 4 of said Act, shall file, in duplicate, complete reports showing the total costs of the tonnage produced and realization prices derived from the sale of coal, all as more fully set forth and specified in the Commission's Cost Forms No. 2 and No. 2-A, such reports to be made separately for each mine and for each calendar month so as to include all coal produced and all coal sold on and after the 1st day of January, 1937.

2. Each producer shall, within fifteen (15) days from the date of receipt of a copy of this order and of said forms, file separate reports for each of the first six calendar months of 1937 (that is, January to June, both inclusive), which reports, duly verified, shall be filed with the statistical bureau of the Commission in the district within which the mine or mines reported upon are located, and thereafter shall file with such statistical bureau like monthly reports as prescribed in paragraph 3 of this order.

3. For each month beginning with the month of July, 1937, each such producer of bituminous coal shall file in the same manner as prescribed in paragraph 1 of this order, complete reports showing the total costs of the tonnage produced and realization prices derived from the sale of coal during the month reported on, which reports shall be filed on or before the 25th day of the next succeeding month.

4. The Commission's Cost Form No. 2 shall be used by producers for mines having a present actual daily capacity of more than fifty (50) net tons.

The Commission's Cost Form No. 2-A shall be used by producers in making reports for mines having a present actual daily capacity of fifty (50) net tons or less.

In the case of any mine not actually in operation during any calendar month subsequent to January 1, 1937, the producer shall report as to such calendar month such data as will show all costs of ownership and maintenance.

5. The Secretary of the Commission shall cause to be mailed to each known producer within the United States, a copy of this order together with necessary forms, and shall make available to all producers additional copies of said forms at the office of the statistical bureau of the Commission in each district established under said Act.

The Commission directs specific attention to the provisions of Section 10 of said Act relating to the confidential nature of the reports required under this order and further gives notice that the penalties provided for non-compliance with this order by the producer will be strictly enforced.

By order of the Commission.

Dated this 30th day of July, 1937.

ORDER OF RESTORATION

SOUTHERN UTE INDIAN RESERVATION, COLORADO

JULY 17, 1937.

Whereas, Pursuant to the provisions of an agreement accepted and ratified by the Act of June 15, 1880 (21 Stat. L.,

199), the Confederate Bands of the Ute Tribe of Indians ceded to the United States a large area of their reservation in the State of Colorado, which area was then held and deemed to be public land of the United States and subject to disposal under the laws providing for the disposal of public lands, except as provided in the said Act of June 15, 1880, supra, and

Whereas, There is now remaining undisposed of within the ceded area a considerable acreage of such ceded lands, certain of which are urgently required as grazing land for the use of the Ute Mountain Band of Ute Indians, and which have been found to be primarily of value for Indian purposes as an addition to the existing Southern Ute Indian Reservation, and

Whereas, By relinquishment and cancellation of homestead entries within this area a limited additional acreage of similar land may be included within the class of undisposed of ceded land, and

Whereas, The Commissioner of Indian Affairs, after having caused thorough examination of the area to be made by well qualified field employees, has recommended restoration to tribal ownership of all said vacant undisposed of ceded lands within the following described boundaries:

Beginning at a point on the western boundary line of the State of Colorado, being the northwest corner of the existing Southern Ute Indian Reservation; thence north to the township line separating townships 34 and 35 north, range 20 west; thence east along said township line to the southwest corner of section 35, township 35 north, range 19 west; thence north to the northwest corner of section 2, township 35 north, range 19 west; thence east to the northeast corner of section 1, township 35 north, range 18 west; thence north to the northwest corner of section 31, township 36 north, range 17 west; thence east to the northeast corner of section 35, township 36 north, range 17 west; thence south to the north boundary of the existing Southern Ute Indian Reservation; thence west along the north boundary of the said reservation to the west line of section 9, township 34 north, range 17 west; thence north to the northwest corner of section 21, township 35 north, range 17 west; thence west to the southwest corner of section 17, township 35 north, range 17 west; thence south to the southeast corner of the northeast quarter of the northeast quarter of section 19, township 35 north, range 17 west; thence west to the southwest corner of the northeast quarter of the northwest quarter of said section 19; thence north to the north line of said section 19; thence west to the southwest corner of section 17, township 35 north, range 18 west; thence south to the north boundary of the Southern Ute Indian Reservation in section 7, township 34 north, range 18, all west of the New Mexico principal meridian; thence west along the said north boundary to the point of beginning.

Now, therefore, By virtue of the authority vested in the Secretary of the Interior by sections 3 and 7 of the Act of June 18, 1934 (48 Stat. L., 984), I hereby find that restoration to tribal ownership of all lands which are now, or may hereafter be, classified as undisposed of ceded Ute Indian lands lying within the above described boundaries in Colorado, will be in the public interest, and said lands are hereby restored to tribal ownership for the use and benefit of the Ute Mountain Band of Ute Indians of the Southern Ute Indian Reservation in Colorado, and are added to and made a part of the existing Southern Ute Indian Reservation, subject to any valid existing rights.

CHARLES WEST,
Acting Secretary of the Interior.

[Docket No. A-52 O-52]

NOTICE OF HEARING WITH RESPECT TO A PROPOSED AMENDMENT TO MARKETING AGREEMENT NO. 69 AND WITH RESPECT TO A PROPOSED ORDER REGULATING THE HANDLING OF MILK IN THE FORT WAYNE, INDIANA, MARKETING AREA¹

Whereas, under section 8b of Title I of Public No. 10, 73d Congress, as amended, the Secretary of Agriculture, hereinafter called the Secretary, executed a marketing agreement regulating the handling of milk in the Fort Wayne, Indiana, Marketing Area, effective 12:01 a. m., central standard time, February 1, 1937; and

Whereas, the Secretary has reason to believe that it may be necessary to issue an order to effectuate the declared policy of Title I of said act, said order to be in addition to the marketing agreement executed by him; and

Whereas, the Secretary has reason to believe that an amendment should be made to said marketing agreement; and

Whereas, under the Agricultural Marketing Agreement Act of 1937, which reenacts and further amends Public No. 10, 73d Congress, as amended, notice of hearing is required in connection with a proposed order and a proposed amendment to a marketing agreement, and the General Regulations, Series A, No. 1, as amended, of the Agricultural Adjustment Administration, U. S. Department of Agriculture, provide for notice and opportunity for hearing upon marketing agreements and orders and amendments thereto;

Now, therefore, pursuant to the said acts and the General Regulations, notice is hereby given of a hearing to be held on a proposed amendment to marketing agreement No. 69 and a proposed order regulating the handling of milk in the Fort Wayne, Indiana, Marketing Area, in the Assembly Room, Allen County Court House, Fort Wayne, Indiana, at 10:00 a. m., daylight saving time, August 4, 1937.

The marketing agreement with the proposed amendment and the proposed order each embodies, in similar terms, a plan for the regulation of such handling of milk in the Fort Wayne, Indiana, Marketing Area as is in the current of interstate commerce, or which directly burdens, obstructs, or affects interstate commerce in such milk. Among other things, the marketing agreement with the proposed amendment and the proposed order provide for: (a) selection of a market administrator; (b) classification of milk; (c) minimum prices; (d) payments to producers through the use of a marketwide equalization pool; (e) deductions from payments to producers for marketing services by market administrator; (f) reports of handlers; (g) expense of administration.

It is hereby declared that an emergency exists in the handling of milk in the aforesaid area which requires a shorter period of notice than fifteen (15) days; and it is hereby determined that the period of notice given is reasonable under the circumstances.

Copies of the marketing agreement and the proposed amendment and the proposed order may be inspected in or procured from the office of the Hearing Clerk, Room 0318, South Building, United States Department of Agriculture, Washington, D. C.

PUBLIC NOTICE ESTABLISHING THE RULES AND REGULATIONS GOVERNING THE INSPECTION, SAMPLING, AND CERTIFICATION OF COTTONSEED SOLD OR OFFERED FOR SALE FOR CRUSHING PURPOSES

By virtue of the authority vested in the Secretary of Agriculture by the Act of Congress entitled "An Act making

appropriations for the Department of Agriculture for the fiscal year ending June 30, 1938, * * * and for other purposes," (Public, No. 173, 75th Congress), I. M. L. Wilson, Acting Secretary of Agriculture, do hereby fix, establish, and promulgate the following rules and regulations to govern the inspection, sampling, and certification of cottonseed sold or offered for sale for crushing purposes, the same to be in force and effect as long as Congress shall provide the necessary authority therefor, unless amended or superseded by rules and regulations hereafter prescribed and promulgated under such authority.

REGULATION 1. DEFINITIONS

SECTION 1. Words used in these regulations in the singular form shall be deemed to import the plural, and vice-versa, as the case may demand.

SEC. 2. As used throughout these regulations, unless the context otherwise requires, the following terms shall be construed, respectively, to mean:

PARAGRAPH 1. *The act.*—The Act of Congress entitled "an Act making appropriations for the Department of Agriculture," * * * for the fiscal year ending June 30, 1938, Pub. 173—75th Congress, which makes provision "for enabling the Secretary of Agriculture to investigate and certify to shippers and other interested parties the class, quality, and condition of cotton, * * * and other perishable farm products * * * under such rules and regulations as he may prescribe, including payment of such fees as will be reasonable and as nearly as may be to cover the cost for the service rendered."

PAR. 2. *Custodian.*—Person who has possession or control of cottonseed or of samples of cottonseed, as agent, controller, broker, or factor, as the case may be.

PAR. 3. *Owner.*—Person who through financial interest owns or controls, or has the disposition of either cottonseed or of samples of cottonseed.

PAR. 4. *Bureau.*—Bureau of Agricultural Economics of the United States Department of Agriculture.

PAR. 5. *Official cottonseed standards.*—The official standards of the United States for the grading, sampling, and analyzing of cottonseed sold or offered for sale for crushing purposes, established May 23, 1932 and amendments thereto.

PAR. 6. *Supervisor of cottonseed inspection.*—An officer of the Department of Agriculture designated as such by the Chief of the Bureau.

PAR. 7. *Secretary.*—The Secretary of Agriculture of the United States.

PAR. 8. *The Chief of the Bureau.*—The Chief of the Bureau of Agricultural Economics, United States Department of Agriculture.

PAR. 9. *Regulations.*—Regulations made under the act by the Secretary.

PAR. 10. *License.*—A license issued under the act by the Secretary.

PAR. 11. *Licensed cottonseed chemist.*—A person licensed under the act by the Secretary to make quantitative and qualitative chemical analyses of samples of cottonseed according to the official methods and to certificate the grade according to the official cottonseed standards.

PAR. 12. *Licensed cottonseed sampler.*—A person licensed by the Secretary to sample and to handle cottonseed samples, to prepare official samples according to methods approved by the Chief of the Bureau and forward the same to a licensed chemist and to certificate the authenticity of such samples.

PAR. 13. *Dispute.*—A disagreement between the parties as to the true grade of a sample of cottonseed analyzed and graded by a licensed chemist.

PAR. 14. *Party.*—A party to a dispute.

PAR. 15. *Cottonseed.*—The word "cottonseed" as used herein means the seed, after having been put through the usual and customary process known as cotton ginning, of any cotton produced within the continental United States.

PAR. 16. *Commercial laboratory.*—An individual, firm, or corporation in which one or more persons are engaged in the chemical analysis of materials for the public.

¹ 2 F. R. 258 (DI).

REGULATION 2. ADMINISTRATIVE AND GENERAL

SECTION 1. The Chief of the Bureau is charged with the supervision on behalf of the United States Department of Agriculture of the performance of all duties arising in the administration of the act.

SEC. 2. The Chief of the Bureau, whenever he deems necessary, may designate an officer of the Department of Agriculture as supervisor of cottonseed inspection who shall supervise the inspection and sampling of cottonseed and perform such other duties as may be required of him in administering the act and these regulations.

SEC. 3. The inspection, sampling, analyzing, and grading of cottonseed in the United States pursuant to the act shall be performed as prescribed in regulations approved from time to time by the Chief of the Bureau.

REGULATION 3. LICENSED COTTONSEED CHEMISTS

SECTION 1. PARAGRAPH 1.—Application for licenses to analyze and grade cottonseed shall be made to the Chief of the Bureau on forms authorized for the purpose by him.

PAR. 2. Each such application shall be in English and shall be signed by the applicant, shall be verified by him under oath or affirmation administered by a duly authorized officer, and shall contain or be accompanied by satisfactory evidence (a) that he has passed his twenty-fifth birthday and that he is an actual resident of the continental United States, (b) that he holds a degree in chemistry or chemical engineering from a recognized college or university and has had not less than three years' practical experience in laboratory work in which he shall have analyzed quantitatively and qualitatively samples of cottonseed, (c) in the absence of a degree from a recognized college or university, that he has had at least five years' practical laboratory experience, three years of which shall have been devoted chiefly to the analysis of samples of cottonseed, (d) that he will have no financial interest in or be in the employ of any one having a financial interest in any cottonseed oil mill or cotton ginning establishment, (e) that he agrees to comply with and abide by the terms of the act and these regulations so far as they may relate to him, (f) that he is an independent analytical chemist or an employee of a commercial analytical laboratory, (g) that he owns or has the use of all of the apparatus specified in the regulations established hereunder for the analysis and grading of cottonseed; and (h) such other information as the Chief of the Bureau may deem necessary.

PAR. 3. Every chemist licensed hereunder to analyze cottonseed and to certificate the grade thereof shall follow precisely the methods of analysis approved from time to time by the Chief of the Bureau.

PAR. 4. The applicant shall furnish such additional information as the Secretary of the Chief of the Bureau shall at any time find to be necessary to the consideration of his application.

SEC. 2. Each applicant for a license as a chemist and each licensed chemist shall, when requested, submit to an examination or test to show his ability to analyze and grade cottonseed.

SEC. 3. The period for which a license may be issued shall be from the first day of August until and including the thirty-first day of July following. Renewals shall be for not more than 1 year beginning with the first day of August of each year: Provided, That licenses issued on and after June 1 of each year shall be for the period ending on July 31 of the following year.

SEC. 4. It shall be a condition of the licensing of any chemist under this regulation, and of the retention by him of a license, that during the active cotton season each year he shall be engaged in or in connection with the grading of cottonseed; that all cottonseed graded by him shall be analyzed and graded in accordance with the official cottonseed standards of the United States; that each sample of cottonseed received by him for analysis and grading shall be handled by him in the order of its receipt at his place of business; and that he shall not use his license or allow the same to be used for any improper purpose.

SEC. 5. Whenever any chemist licensed under the act and in accordance with these regulations shall grade and/or certificate any cottonseed or samples in consideration of a stated fee, the fee charged shall be reasonable and shall be in accordance with a schedule previously submitted to, and approved by, the Chief of the Bureau.

SEC. 6. Each licensed chemist shall keep, or shall cause to be kept for him, for a period of at least 1 year, a record of the analysis of each individual sample of cottonseed graded by him. Each licensed chemist shall permit any officer or agent of the Bureau, authorized by the Chief of the Bureau for the purpose, to inspect or examine, on any business day during the usual hours of business, his books, papers, records, and accounts relating to the performance of his duties under the act and these regulations.

SEC. 7 (a) Each official sample of cottonseed as received by a licensed chemist shall be assigned a laboratory number and shall be analyzed and the grade certificated in the order of its receipt.

(b) Certification of the grade of *lots of cottonseed* may be issued only upon samples certified by licensed samplers as official samples and received in good condition by licensed chemists.

(c) Certificates of the grade of *unofficial samples of cottonseed* may be issued upon samples received by licensed chemists if the samples are sufficient for proper analysis, have not been drawn by a licensed sampler and are not believed to be samples of the same seed represented by an official sample. Such certificates shall be plainly marked "Sample not official; grade applies to the sample only".

(d) No certificate of the grade of a sample of cottonseed shall be issued by a licensed chemist based on a sample the condition of which on receipt at the laboratory does not comply with these regulations covering the preparation and forwarding of samples of cottonseed.

SEC. 8. Each grade certificate issued under the act by a licensed chemist shall be in a form approved for the purpose by the Chief of the Bureau and shall embody within its written or printed terms—

(a) The caption "Licensed cottonseed chemist's certificate."

(b) The serial number assigned to it.

(c) Whether it is an original, a duplicate, or other copy.

(d) The date and place of issuance.

(e) A statement that the certificate is issued by a chemist licensed by the Secretary of Agriculture to analyze and certificate the grade of cottonseed.

(f) A statement in accordance with the facts in each case, either (1) that the chemist knows the samples upon which his classification is based to be true and correct samples of the cottonseed involved; or (2) that the samples were received from a sampler licensed by the Secretary in proper conditions; or (3) that the samples were not received from a licensed sampler.

(g) The identification of each lot of cottonseed by the marks and notations by which the seed was identified at the time the sample was taken.

(h) All analytical data required by the Chief of the Bureau.

(i) The signature of the licensed chemist.

In addition, the grade certificate may include any other matter not inconsistent with the act or these regulations.

A copy of each certificate shall be mailed to the Chief of the Bureau, or to such officer as he may designate, within 36 hours after its issuance.

SEC. 9. Each licensed chemist shall, from time to time when requested by the Bureau, make reports on forms furnished for the purpose by the Bureau bearing upon his activities as such licensed chemist.

SEC. 10. Every person licensed under the act shall immediately furnish the Chief of the Bureau any information which comes to the knowledge of such person tending to show that any provision of the act or the regulations has been violated.

SEC. 11. Pending investigation the Secretary or the Chief of the Bureau may, whenever he deems necessary, suspend

the license of a licensed chemist temporarily without hearing. Upon written request and a satisfactory statement of reasons therefor submitted by the licensed chemist, the Chief of the Bureau may, without a hearing, suspend or revoke the license issued to such licensed chemist. The Secretary may, after opportunity for hearing when possible has been afforded in the manner prescribed in this section, suspend or revoke a license issued to a licensed chemist when such licensed chemist (a) has ceased to perform services as such chemist, (b) has knowingly or carelessly analyzed cottonseed improperly, (c) has violated or evaded any provision of the act or the regulations thereunder so far as the same may relate to him, (d) has used his license or allowed it to be used for any fraudulent or improper purposes, or (e) has in any manner become incompetent or incapacitated to perform the duties of such licensed chemist. Before the license of any licensed chemist is finally suspended or revoked, such licensed chemist shall be furnished by the Secretary, or by an official of the Department of Agriculture designated for the purpose, a written statement specifying the charges and shall be allowed a reasonable time within which he may answer the same in writing and apply for a hearing.

SEC. 12. If a license issued to a licensed chemist is suspended, revoked, or canceled, such license shall be returned to the Bureau. At the expiration of any period of suspension of such license, unless in the meantime it be revoked or canceled, the dates of the beginning and termination of the suspension shall be indorsed thereon, and it shall be returned to the licensed chemist to whom it was originally issued.

SEC. 13. Upon satisfactory proof of the loss or destruction of a license issued to a licensed chemist, a duplicate thereof may be issued under the same or a new number, in the discretion of the Secretary.

SEC. 14. No person shall in any way represent himself to be a chemist licensed under the act unless he holds an unsuspended, unrevoked, and uncanceled license issued under the act.

SEC. 15. In case of dispute in which a review is desired of the grading of any sample of cottonseed covered in a valid certificate issued by a licensed chemist, application therefor shall be made within 48 hours after the original certificate was issued. Whereupon, the licensed chemist issuing the certificate shall immediately forward to such other licensed chemist or other person as may be designated by the Chief of the Bureau, the retained portion of the official sample, for the purpose of re-analysis. Should the grade found on re-analysis differ from the original by not more than plus or minus one full grade, the original grade shall be considered as the true grade. Should the re-analysis indicate a grade differing more than plus or minus one full grade from the original, all work sheets involved shall be submitted to the Chief of the Bureau or his designated agent who shall determine the correct grade.

SEC. 16. In cases of review of the grade of any official sample of cottonseed the appellant party shall pay the costs of re-analysis, payment for which shall accompany the application.

SEC. 17. Every person licensed under the act as a licensed chemist shall keep confidential all information secured by him relative to cottonseed analyzed and graded by him. He shall not disclose such information to any person except to the owner or custodian of the seed in question, or to an authorized agent of the Chief of the Bureau.

REGULATION 4.—LICENSED COTTONSEED SAMPLERS

SECTION 1. PARAGRAPH 1.—Applications for licenses to sample cottonseed shall be made to the Chief of the Bureau of Agricultural Economics on forms furnished for the purpose by him.

PAR. 2. Each such application shall be in English and shall be signed by the applicant, shall be verified by him under oath or affirmation, administered by a duly authorized officer, and shall contain or be accompanied by (a) satisfactory evidence that he has passed his twenty-fifth birthday and

that he is an actual resident of the continental United States, (b) satisfactory evidence of his experience in the handling and sampling of cottonseed, (c) a statement by the applicant that he agrees to comply with and abide by the terms of the law and these regulations so far as they may relate to him, and with instructions issued from time to time by the Chief of the Bureau governing the sampling of cotton seed, and (d) such other information as the Chief of the Bureau may deem necessary.

PAR. 3. Every sampler shall include in his application to the Chief of the Bureau for a license a statement showing the fees, wages, or salary to be received by him as compensation for his work as a sampler of cottonseed.

SEC. 2. PARAGRAPH 1.—Each applicant for a license to sample cottonseed shall, as a condition to the granting thereof, execute and file with the Chief of the Bureau a good and sufficient bond to the United States to secure the faithful performance of his duties as a licensed sampler under the terms of the act, as amended, and these regulations. Said bond shall be in such form and amount, not less than \$1,000, and shall have such surety or sureties as shall be approved by the Chief of the Bureau, subject to service of process in suits on the bond within the State, district, or territory, in which such licensee shall perform services as a licensed cottonseed sampler. Any person injured by the breach of any obligation to secure which a bond is given under this paragraph shall be entitled to sue on the bond in his own name in any court of competent jurisdiction to recover the damages he may have sustained by such breach.

PAR. 2. If the Chief of the Bureau finds that the existence of conditions warrants such action, there shall be added to the amount previously required under paragraph 1 of this section such additional amount as he shall deem necessary.

SEC. 3. The period for which a license may be issued under this regulation shall be from the first day of August until and including the thirty-first day of July following. Renewals shall be for 1 year, beginning with the first day of August of each year: Provided, That licenses or renewals issued on and after June 1 of any year shall be for the period ending on July 31 of the following year.

SEC. 4. It shall be a condition of the renewal of any license hereunder that the licensed sampler shall file a new bond in the required amount with, and that such bond shall be approved by, the Chief of the Bureau or his authorized representative, provided that in the discretion of the Chief of the Bureau or his authorized representative a properly executed instrument in form approved by him amending, extending, or continuing in force and effect the obligations of a valid bond previously filed by the licensed sampler and otherwise complying with this regulation may be filed in lieu of a new bond.

SEC. 5. No bond, amendment, or continuation thereof shall be deemed accepted for the purpose of this regulation until it has been approved by the Chief of the Bureau or his authorized representative.

SEC. 6. Each applicant for a license as a sampler and each licensed sampler whenever requested by an authorized agent of the Bureau, shall submit to an examination or test to show his ability properly to perform the duties for which he is applying for a license or for which he has been licensed, and each such applicant or licensee shall furnish the Bureau any information requested at any time in regard to his sampling of cottonseed.

SEC. 7. Each licensed sampler shall keep his license conspicuously posted at the place where he functions as a sampler or in such other place as may be approved by the Bureau.

SEC. 8. Each licensed sampler, when requested, shall without discrimination, as soon as practicable and upon reasonable terms, sample any cottonseed if the same be made available to him under conditions that will permit proper sampling. Each such licensee shall give preference to those who request his services as such over persons who request his services in any other capacity.

SEC. 9. Each licensed sampler shall have available suitable triers or sampling tools, sample containers, scales, seed

cleaners, seed mixers, and air-tight containers for enclosing and forwarding the official samples to licensed chemists, and with tags and samplers' certificates approved or furnished by the Chief of the Bureau or his representative for identifying the samples of cottonseed and for certifying the condition of the cottonseed represented by such samples. There shall be clearly written or printed on the face of each certificate (a) the number thereof; (b) a suitable caption; (c) the location of the cottonseed involved and its point of origin; (d) the identification of the lot from which the sample was drawn; (e) the date on which the sample was drawn; (f) the gross weight of the original sample, the net weight of the cleaned sample, and whether on receipt the shipment was "hot" or fermented; (g) a statement indicating that the sample was drawn by a sampler licensed in accordance with these regulations, as amended, and (h) the signature of the licensed sampler as such. The use of such tags and certificates shall be in conformity with instructions issued from time to time by the Chief of the Bureau.

SEC. 10. The official sample taken from a lot of cottonseed by a licensed sampler shall be drawn, prepared, and identified in such manner as may be required by the Chief of the Bureau. Any conditions not fully indicated by the sample shall be specified by the licensed sampler in the certificate accompanying such sample.

SEC. 11. Each licensed sampler shall permit any authorized officer or agent of the Bureau to inspect at any time his books, papers, records, and accounts relating to the performance of his duties under this regulation.

SEC. 12. *License may be suspended.*—Pending final action by the Secretary, a sampler's license may be suspended by the Chief of the Bureau or by any official by whom it may be countersigned whenever such official shall deem such action to be for the good of the service. Within ten days after any such suspension the licensee may file an appeal in writing to the Secretary, supported by any argument or evidence that he may wish to offer in his behalf.

SEC. 13. In case a license issued to a sampler is suspended or revoked such license shall be returned to the Department. At the expiration of any period of suspension of such license, unless in the meantime it be revoked, the dates of beginning and termination of such suspension shall be endorsed thereon, it shall be returned to the person to whom it was originally issued, and it shall be posted as prescribed in section 7 of this regulation.

SEC. 14. Upon satisfactory proof of the loss or destruction of a license issued to a sampler hereunder, a new license may be issued under the same or a new number.

SEC. 15. Each licensed sampler, when requested, shall make reports on forms furnished for the purpose by the Bureau bearing upon his activities as such licensee.

SEC. 16. No person shall in any way represent himself to be a sampler licensed under the act, as amended, unless he holds an unsuspended and unrevoked license issued thereunder.

SEC. 17. Every person licensed under the act as a licensed sampler of cottonseed shall keep confidential all information secured by him relative to shipments of cottonseed sampled by him. He shall not disclose such information to any person except an authorized agent of the Chief of the Bureau.

REGULATION 5. FEES AND COSTS

SECTION 1. For the examination of an applicant for a license to sample and certificate official samples of cottonseed, the fee shall be \$5.00, but no additional charge shall be made for the issuance of a license. For each renewal of a sampler's license the fee shall be \$3.00.

SEC. 2. For the examination of an applicant for a license as a chemist to analyze and certificate the grade of cottonseed the fee shall be \$50.00, but no additional charge shall be made for the issuance. For each renewal of a chemist's license the fee shall be \$50.00.

SEC. 3. For each certificate of the grade of cottonseed issued by a licensed cottonseed chemist a fee of 10 cents shall be collected and paid to the Bureau. An accounting of this fee shall be rendered monthly by each licensed cot-

tonseed chemist, accompanied by a check for the amount, made payable to the United States Department of Agriculture.

In testimony whereof I have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed in the City of Washington, this 30th day of July, 1937.

PUBLIC NOTICE ESTABLISHING STANDARDS FOR GRADES OF COTTONSEED SOLD OR OFFERED FOR SALE FOR CRUSHING PURPOSES WITHIN THE UNITED STATES

By virtue of the authority vested in the Secretary of Agriculture by the Act of Congress entitled "An act making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1938, * * * and for other purposes," (Public No. 173, 75th Congress), I, M. L. Wilson, Acting Secretary of Agriculture, do hereby fix, establish, and promulgate the following official standards of the United States for grades of cottonseed sold or offered for sale for crushing purposes, the same to supersede the standards for cottonseed promulgated May 23, 1932, and to be in force and effect as long as Congress shall provide the necessary authority therefor, unless amended or superseded by standards hereafter prescribed and promulgated under such authority.

SECTION 1. The grade of cottonseed shall be determined from the analysis of samples, and it shall be the result, stated in the nearest whole or half numbers, obtained by multiplying a quantity index by a quality index and dividing the result by 100 as hereinafter provided.

(a) The basis grade of cottonseed shall be grade 100.

(b) High grades of cottonseed shall be those grades above 100.

(c) Low grades of cottonseed shall be those grades below 100.

SEC. 2. The following formulae shall be used in determining the quantity index of cottonseed:

(a) For cottonseed, that by analysis contain 17 per cent of oil or more, the quantity index shall equal 4 times the percentage of oil, plus 6 times the percentage of ammonia, plus 5.

(b) For cottonseed, that by analysis contain less than 17 per cent oil, the quantity index shall equal 5 times the percentage of oil, plus 6 times the percentage of ammonia, minus 12.

SEC. 3. The quality index of cottonseed shall be a percentage of purity and soundness, and shall be determined as follows:

(a) *Superior quality cottonseed.*—Cottonseed that, by analysis, contain not less than 18.7 per cent oil, nor more than one-half of one per cent foreign matter, 8 per cent but not more than 10.0 per cent moisture, and not more than one-half of one per cent free fatty acids in the oil in the seed shall be known as superior quality cottonseed and shall have a quality index of 102.

(b) *Prime quality cottonseed.*—Cottonseed that, by analysis, contain not more than 3 per cent foreign matter, not more than 12 per cent moisture, and not more than 1.8 per cent free fatty acids in the oil in the seed, shall be known as prime quality cottonseed and shall have a quality index of 100 per cent.

(c) *Subquality cottonseed.*—Cottonseed that, by analysis, contain foreign matter, moisture, and/or free fatty acids in the oil in the seed in excess of the percentages shown in section 3-b, shall be known as sub-quality cottonseed; and the quality index of such cottonseed shall be found by reducing the quality index of prime quality cottonseed as follows:

(1) Not to exceed five-tenths of a unit for each 0.1 per cent of free fatty acids in the oil in the seed in excess of 1.8 per cent.

(2) Not to exceed 1 unit for each 1 per cent of foreign matter in excess of 3 per cent.

(3) Not to exceed 1 unit for each 1 per cent of moisture in excess of 12 per cent.

(d) *Off quality cottonseed.*—Cottonseed that have been treated by either mechanical or chemical process other than the usual cleaning, drying, and ginning (except such sterilization as may be required by the United States Department of Agriculture for quarantine purposes) or that are "hot" or fermented, or that upon analysis are found to contain 13 per cent or more free fatty acids in the oil, or more than 25 per cent foreign matter, or more than 25 per cent moisture, or more than 40 per cent combined moisture and foreign matter, shall be designated as "Off Quality Cottonseed, approximate grade—."

SEC. 4. *Sampling, analysis, and certification of samples and grades.*—The drawing and preparation and certification of samples of cottonseed and the analysis and certification of grades of cottonseed shall be performed in accordance with methods approved from time to time by the Chief of the Bureau of Agricultural Economics.

In testimony whereof I have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed in the City of Washington, this 30th day of July, 1937.

EXECUTIVE ORDER

REGULATIONS GOVERNING THE PREPARATION, PRESENTATION, FIL-
ING, AND DISTRIBUTION OF EXECUTIVE ORDERS AND PROCLAMA-
TIONS

By virtue of and pursuant to the authority vested in me by the Federal Register Act, approved July 26, 1935 (49 Stat. 500), and as President of the United States, I hereby prescribe the following regulations governing the preparation, presentation, filing, and distribution of Executive orders and proclamations:

1. Proposed Executive orders and proclamations shall be prepared in accordance with the following requirements:

(a) A suitable title for the order or proclamation shall be provided.

(b) The authority under which the order or proclamation is promulgated shall be cited in the body thereof.

(c) Punctuation, capitalization, orthography, and other matters of style shall conform to the most recent edition of the Style Manual of the United States Government Printing Office.

(d) The spelling of geographic names shall conform to the most recent official decisions made pursuant to Executive Orders No. 27-A, of September 4, 1890, No. 399, of January 23, 1906, and No. 6680, of April 17, 1934.

(e) Descriptions of tracts of lands shall conform, so far as practicable, with the most recent edition of the Specifications for Descriptions of Tracts of Land for Use in Executive Orders and Proclamations, published by the Federal Board of Surveys and Maps.

¹ 2 F. R. 1348 (DI).

(f) Proposed Executive orders and proclamations shall be typewritten on paper approximately 8 by 12½ inches, shall have a left-hand margin of approximately 2 inches and a right-hand margin of approximately 1 inch, and shall be double-spaced, except that quotations, tabulations, or descriptions of land may be single-spaced.

2. The proposed Executive order or proclamation shall first be submitted to the Director of the Bureau of the Budget. If the Director of the Bureau of the Budget approves it, he shall transmit it to the Attorney General for his consideration as to both form and legality. If the Attorney General approves it, he shall transmit it to the Director of the Division of the Federal Register, the National Archives. If it conforms to the requirements of paragraph 1 hereof, the Director of the Division of the Federal Register shall transmit it and three copies thereof to the President. If it is disapproved by the Director of the Bureau of the Budget or the Attorney General, it shall not thereafter be presented to the President unless it is accompanied by the statement of the reasons for such disapproval.

3. If the order or proclamation is signed by the President, the original and two copies thereof shall be forwarded to the Director of the Division of the Federal Register for appropriate action in conformity with the provisions of the Federal Register Act: *Provided, however*, That the seal of the United States shall be affixed to the originals of all proclamations prior to such forwarding. The Division of the Federal Register shall cause to be placed upon the copies of all Executive orders and proclamations the following notation, to be signed by the Director or by some person authorized by him: "Certified to be a true copy of the original." The Division of the Federal Register shall number and shall supervise the promulgation, publication, and distribution of all Executive orders and proclamations.

4. The Division of the Federal Register shall cause a limited number of copies of the Executive orders and proclamations not required or authorized to be filed and published under the provisions of the Federal Register Act to be made available in slip form to the appropriate agencies of the Government.

5. The Division of the Federal Register shall file in the National Archives the originals of all Executive orders and proclamations.

6. The signed originals and copies of all Executive orders and proclamations heretofore promulgated and now in the custody of the Department of State shall be transferred to the National Archives.

7. Nothing in this order shall be construed to apply to treaties, conventions, protocols, and other international agreements, or proclamations thereof by the President.

8. This order shall become effective on March 12, 1936, and shall thereupon supersede Executive Order No. 6247, of August 10, 1933.
